

Vice Chancellor's Message Prof. Dr. Samreen Hussain (TI)

I am grateful to Allah the Almighty for His countless blessings in me. I am indebted to Honourable Chief Minister Syed Murad Ali Shah for his trust in me and providing me yet another assignment full of challenges. As a Vice Chancellor, I have inherited a financial deficit of 400M and liabilities of 148M. Challenges like insufficient space for these many Undergraduate programs, hybrid system of education (neither term nor semester), over staffing yet unavailability of dedicated Human Resources on essential positions, a lot of manual /paperwork, struggling quality of teaching especially in undergraduate programs, dearth of computing facilities and core laboratories equipment etc. On a positive side, a sizable Endowment Fund, good number of PhD faculty, cooperative staff and motivated students. With the support and efforts of my team DUET, I will try to establish a transparent governance model through good practices, subordination of personal interests, implementing check & balance mechanisms and making DUET a most rewarding institution for high performing professionals. Introducing “Digital DUET Initiative” for paperless working for cost and time efficient routine operations as well as reducing environmental hazards. With few policy reforms and better financial management & discipline we can gain all that we deserve and aim for ! On the Academic front, will try to implement the semester system , in letter and spirit, to let students enjoy the flexibility and ease of choosing credits as per their intellectual convenience. Including all stakeholders to draw the roadmap for faculty development for pedagogical sophistication, improve quality of course contents, designing market based elective courses, and fruitful industry linkages for better employability of graduates as well as joint entrepreneurial endeavors and resource mobilization through Public Private Partnerships. For Students, Dawood University shall provide many opportunities to grow academically, intellectually, socially and as well-rounded human beings. To achieve this, I and my Faculty shall strive to create an environment where critical thinking is emphasized, teamwork is promoted, Sportsmanship is encouraged, technology awareness is instilled, new veins of knowledge are explored, multi-cultural awareness and empathy are developed, interpersonal competencies are fostered, practical life skills are honed, and an ethical perspective is woven into its fabric. As Vice Chancellor, I am deeply committed to attracting a body of students dedicated to academic excellence, research for regional challenges & way forward, and service to society. In our mission to contribute to national development, we shall focus on the professional development of our students to provide you with the knowledge, skills & environment required to develop confident leaders, independent thinkers and creative entrepreneurs. In the end, I would like to request Alumni of Dawood University to come forward and help their alma mater to reach the heights of academic excellence with their knowledge, experience, commitment and financial and moral support. We at Dawood, are committed to acknowledge our Alumni and their success through launching the “

Dawood University Alumni Excellence Awards”. Soon, we shall reach out to you for nominations. As a new team lead , I am looking forward to the trust, guidance and support of all Statutory Bodies. Dear team, students and Alumni; there’s a lot we have to do this year. I believe that nothing is impossible if the will and clear intent is there. We can convert challenges into opportunities. So gel in together and build upon each other’s strengths with a positive and constructive mindset. Wish me luck and work in the best interest of our beloved Dawood University!

About Dawood

Historic Profile

Dawood College of Engineering and Technology (DCET), Karachi holds a significant status of being the first Professional College imparting Engineering Education established in the private sector of Pakistan. The foundation stone of the Institution was laid in 1962 and the first batch of students was admitted in 1964. Dawood College imparting education in engineering disciplines was the vision of its founder Mr. Ahmed Dawood; an Industrialist cum Philanthropist, who’s great foresight considered it a necessity for the Industrial Development of Pakistan. With this vision the institute was the first to establish the disciplines of Chemical Engineering, Metallurgy and Materials Engineering; and Electronics Engineering.

In 1972, Dawood College was nationalized and came under the administrative control of Federal Ministry of Education. Thereafter, two new academic programs were initiated viz. Industrial Engineering and Management; and Architecture and Planning (by merging the Karachi School of Architecture established in 1953). A new hostel was also constructed in Gulshan-e-Iqbal that later on changed to the Department of Architecture and Planning, and came to be known as the Iqbal Campus. Till now, the Iqbal Campus functions efficiently and simultaneously maintains its close ties with the main campus negating the

factor of distance.

The Institution since 2010 rode on the way to add more value to the industrial sector of the country by introducing four new Engineering Departments viz. Petroleum and Gas Engineering, Telecommunications Engineering, Computer Systems Engineering, and Energy and Environmental Engineering. In 2011 as a consequence of 18th Constitutional amendment Dawood College of Engineering and Technology was devolved to the Government of Sindh. The year 2013 was nonetheless but a stepping stone to lead the institution towards betterment and prosperity whereby, the Government of Sindh through an Act of the Provincial Assembly elevated the College to the status of a University i.e. Dawood University of Engineering and Technology (DUET), Karachi. With this up gradation, the appointment of Dr. Faizullah Abbasi as the first Vice Chancellor proved to be the juncture whereby the journey of transformation began. In 2013 the following Academic

Programs at the Bachelor's level were in play:

1. Architecture and Planning
2. Chemical Engineering
3. Computer Systems Engineering
4. Electronics Engineering 5. Energy and Environment Engineering
6. Industrial Engineering and Management
7. Metallurgy and Materials Engineering
8. Petroleum and Gas Engineering
9. Telecommunication Engineering

The concerned programs are accredited by the Pakistan Council of Architects and Town Planners (PCATP) and Pakistan Engineering Council (PEC) respectively.

In 2016 the project on “Strengthening of Dawood University of Engineering and Technology (DUET, Karachi)” amounting to Rs.578 million was approved. This initiated refurbishing of Laboratories, establishing I.T infrastructure and PhD Scholarships for the faculty.

From 2013 till present the institution has strived to strengthen its academics and research by inducting Ph.D. and Masters Faculty in all the departments. To date the University has up to 70 Ph.D. faculty (2022) and some 30 more are pursuing Ph.D. degrees abroad.

In 2018, Dawood University of Engineering and Technology for the first time introduced Postgraduate programs leading to Ph.D. The University has since then produced 126 Masters Graduates till 2021. The institution, in 2020 also initiated new market driven programs concerning the Bachelors of Science in Mathematics, Computer Science, Artificial Intelligence, Cyber Security, and Business Information Systems.

Precisely, Dawood University of Engineering & Technology maintains its position as an emerging and a promising Institution situated right in the city center where the Quaid’s Mausoleum lies in Karachi- the Industrial hub of Pakistan.

University Vision

The University of Relevance Leading to Techno-preneurial Excellence.

University Mission

Dawood University of Engineering & Technology aims to invest in human capital for accelerated advancement in engineering knowledge and practices, new frontiers in R&D hence creating knowledge led economy and better future for generations to come.

Note: -

1. Fourteen (14) seats are reserved for the teaching and non-teaching employees of university. *The seats remaining vacant in both categories shall be interchangeable to each other. The admission committee may consider request for admission in other technology subject to availability of vacant seat. However, number of seats will remain fixed.*
2. Seats falling vacant from all the categories will be technology wise distributed among S. No. 1.
3. The competent authority reserves the rights to make changes in the allocation of seats or in any policy matter at any time without notice.

Description / Eligibility of Merit / Self Finance Seats

S. No.	Category	Description / Eligibility
	SINDH Urban	<p>(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.</p> <p>(b) Candidates is domiciled in Sindh Urban i.e. Karachi All areas / Hyderabad City / Sukkur City.</p> <p>(c) Candidates have passed their S.S.C. and H.SC (or Equivalent) examinations from any board in Sindh or colleges of Sindh affiliated with Aga Khan University Examinations Board or colleges of Sindh affiliated with Federal Board or an equivalent Foreign Examination from colleges of Sindh.</p>
1	Sindh Rural	<p>(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.</p> <p>(b) Candidates is domiciled in Sindh Rural i.e. All Sindh except Karachi / Hyderabad City /Sukkur City.</p>

(c) Candidates have passed their S.S.C. and H.SC (or Equivalent) examinations from any board in Sindh or colleges of Sindh affiliated with Aga Khan University Examinations Board or colleges of Sindh affiliated with Federal Board or an equivalent Foreign Examination from colleges of Sindh.

(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.

(b) Real son/ Real daughter/ Real brother/ Real sister of the university teacher (serving or retired, deceased, on lien or working on deputation with other Institutions) are eligible for admission. First preference will be given to real sons/daughters of university teacher.

2 DUET Teaching Staff

(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.

(b) Real son/ Real daughter/ Real brother/ Real sister of the university employee (other than teacher) (serving or retired, deceased, on lien or working on deputation with other Institutions) are eligible for admission. First preference will be given to real sons/daughters of university employee

3 DUET Non-Teaching Staff

(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.

(b) Real Sons/Daughters of Professional Engineers registered with PEC. The applicant must attach following additional documents.

4 Professional Engineer (Sons/Daughters)

i. Copy of Engineering Degree of the parent

ii. Proof of valid registration with Pakistan Engineering Council.

(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.

(b) Real Sons/Daughters of Professional Architects registered with PCATP. The applicant has to attached following additional documents.

i. Copy of Architecture & Planners Degree of the parent

ii. Proof of valid registration with Pakistan Council of Architects and Town Planners (PCATP).

5

**Professional
Architect
(Sons/Daughters)**

(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.

(b) Candidates are domiciled of any district in Azad Jammu Kashmir

6

**Azad Kashmir
(AJK)**

(a) Candidate fulfills General Eligibility Criteria mentioned in section 3.

(b) The Candidates holding the domicile and PRC of any area of Pakistan having passed H.S.C. (Pre-Engineering) Examinations from any authorized Board of Education in Pakistan or an equivalent Foreign Examination recognized by HEC/IBCC.

(c) The separate merit list will be prepared on overall merit basis in accordance with merit policy.

(d) There shall be no quota of Sindh province or for urban and rural areas of the provinces under this scheme.

7 Self-Finance Local

(a) Foreign national candidates desiring to apply against this category must have passed H.S.C Pre-Engineering examinations or an equivalent foreign examination with at least 60% aggregate marks.

(b) Eligible candidates interested to apply under this category must apply for admission through their Embassies via the Higher Education Commission, Islamabad/ Ministry of Finance Planning & Provincial Coordination (Economic Affairs Division). Government of Pakistan, Islamabad.

(c) The admission shall be granted only to those applicants who are declared eligible and got equivalent certificate from the Chairman Inter Board Committee Islamabad.

8 Self-Finance Foreign

- (d) The vacant seats of Self Finance Foreign shall be offered to Local candidates
